

There is nothing more precious to us than our residents. We dedicate ourselves to delivering the kind of care we would provide to our own family members. In fact, our residents are part of our life. We celebrate life with them... We share our lives with them...

We comfort them... We fulfill their needs... We provide a gentle touch and a listening ear... We go places with them... We are here for them.

Westwood Manor is driven by the philosophy of providing tender loving care for your loved one. We strive to provide our residents with a better quality of life, a place for family and friends, and most importantly a safe and secure environment to call home.
